

OUR STORY

RigServ integrates **technology** with **subject matter expertise** steering our customers toward true digital transformation through our **Managed Solutions & Enterprise Resource Planning (ERP) Solutions** to meet the distinct needs of our customers.

Our story is unlike any other. We were founded in 2014 by operational and technical leaders working out of a small office in Houston, Texas. At our inception, our target market was the global energy and marine industries. Since then, we have grown our team of experts across the globe and expanded our operations to cover multiple verticals including Telecommunications, Engineering, Utilities, Resources, Construction, Infrastructure, Manufacturing, and Service.

Our mission is to help businesses improve operational efficiency, reduce costs responsibly, and operate with the utmost safety.
